

Induction Heater

IH-5200

Technical Data:

Power Supply: 220V

Weight: 353 lbs (160 kg)

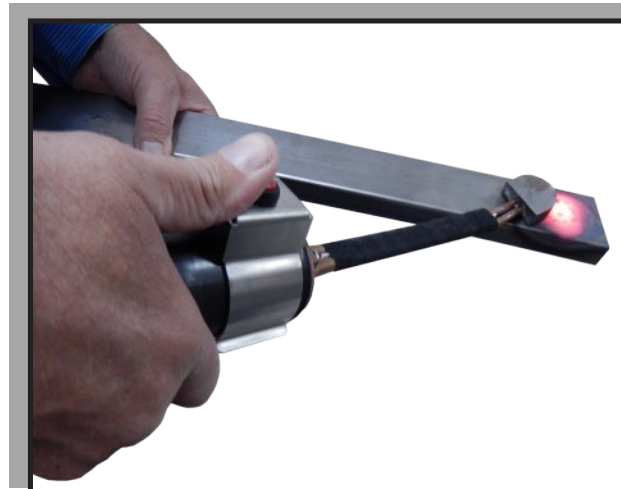

Size(L x W x H): 24-1/2" x 31" x 41"

Output: 5.2 kW

- Fast & Localized Heating
- Adhesive/ Decal Removal
- Glass/Bonded Panels Removal
- Easy Removal of Rusty Bolts/Linkage
- Removal of Undercoating
- Stress Relief

Induction Heating

The IH-5200 Induction Heater features digitally controlled induction heating up to 5.2kW. The IH-5200 breaks down adhesives through indirect heating of steel and aluminum panels. It removes them easily and safely in seconds. It removes seized bolts, graphics, glass, realigns frame rails, and much more. The torch is water-cooled all the way to the head. The torch is also electrically isolated for safe reliable operation.
